

**SECTION C1: INTRODUCTION TO INTEGERS**

**Homework:** \_\_\_\_\_

Integer: Numbers that can be classified as \_\_\_\_\_ and \_\_\_\_\_ numbers.

Integers are also \_\_\_\_\_ and \_\_\_\_\_. Integers can be graphed on a \_\_\_\_\_

ascending order: Writing numbers in order from \_\_\_\_\_ to \_\_\_\_\_

descending order: Writing numbers in order from \_\_\_\_\_ to \_\_\_\_\_

less than: The inequality points to the \_\_\_\_\_ number

greater than: The inequality is open (big) at the \_\_\_\_\_ number

Absolute Value: The \_\_\_\_\_ a value is from zero.
